LIBRARY SEATS NEEDED FOR STUDIOUS SPARTANS

By PHIL GINN

Realization of the need for increased seating facilities in the library is nothing new to Miss Joyce Backus, head librarian. "We have been doing our best to alleviate this situation for sometime," Miss Backus says.

At present, the library has a seating capacity of 651 chairs.

'SWIM PARADE' TICKETS GO ON SALE TUESDAY

Tickets for the "Swim Parade" will go on sale Tuesday for 35 cents. Lois Haueter, swim club president, announces. They will be available from 11 to 1 and from 3 to 5 at the entrance of the Women's Physical Education building.

"Seating capacity for the show is extremely limited," declares Miss Haueter, "and we expect the few tickets to sell out quickly." With room for only 500 at the pool, there will be but 1000 tickets on sale for the two nights of the show.

A radio broadcasting station, complete with emcee, sound effects, singing commercials, and a hit show, will be the scene of this year's swim extravaganza. Master of Ceremonies John Daegling will announce the musical water acts.

Singing commercials for the show's "sponsors" will be given between acts by Marrietta Dodge, Edith Williams, Ditz Webster, and Laurence Bernardini. "Their riotous take offs on popular products of the day will rival the water clowns in the show for laughs," states Miss Haueter.

Rehearsals are speeding up for the final week before show time—Thursday and Friday nights, February 20 and 21. Perfecting the swimming formations and synchronizing them with music, finishing the costumes, and attending to final production details keeps the cast and technical crew of this student show busy.

State Mermen Open Season Here Tomorrow

San Jose State's swimming team will take to the local pool tomorrow night, for the first time in three years, to battle a strong San Francisco Olympic club team in the 1947 opening dual meet.

First event of the evening will get underway at 8 o'clock.

Leading the Spartans will be a trio of sprinters, who are expected to pick up points in the 50 and 100 yard swims and the relays. They are Don "Scout" Thomsen, George Hodgins and Tudor Bogart.

Another valuable man to Coach Walker, is George Rudloff, who will swim in the medley relay and also the breaststroke events.

Wilmer Grass is expected to carry the burden in the backstroke swims and also the medley relay, according to Walker.

Hugh Wood and David Moore will enter the distance events for the Spartans.

In the diving events, Coach Walker is expecting Leo Gaffney and Pat McConnell to pick up points for San Jose.

According to college and university library standards, libraries should have a capacity of 25 per cent of the total enrollment. At this rate there should be 1411 chairs in the San Jose State college library.

A survey to determine how many chairs can be added to the library has been taken by Miss Backus. Results show that the building will allow room for an additional 850 chairs. Of the number desired, 450 are on order.

Miss Backus has requested the use of a barracks building next quarter for a study hall.

Joe West, registrar, announces that all classrooms not in use may be used by students for study. Some rooms are: B18, 7:30 to 1:30, MWF; B4 all day and is equipped with tables; S206, 8:20 to 12:30 and 1:30 to 2:20, MWF; L211, 8:30 to 10:20 and 11:30 throughout the remainder of the day; 107, 11:30 to 2:20.

ALPHA PHI OMEGA

Don't forget appointment for La Torre pictures. Meet in front of the Publications office at 12:30 tomorrow. Wear sport coats, white shirts and ties.
—La Torre Staff

GOP Objects To Budget Slash

WASHINGTON, Feb. 12 (UP)—Dissident Republicans today joined administration leaders in charging that a GOP-proposed \$6,000,000,000 slash in President Truman's budget would wreck the Army and Navy and leave the State department "out on a limb" in negotiating a German peace treaty.

The Bi-Partisan fire was centered on proposals to lop \$1,750,000,000 from the \$11,200,000,000 Mr. Truman wants to spend for national defense. Republicans and Democrats alike said the reduction would make the Navy "practically impotent" and seriously endanger the Army and Air Forces.

The Democrats were particularly concerned with the embarrassment which they said the proposed reduction might cause Secretary of State George C. Marshall when he goes to Moscow next month to draw up the German treaty with the other Big-Four powers.

Republican opposition to the military cut was led by Chairman Chan Gurney, R., S. D., of the Senate Armed Services committee. He said it would leave the nation's occupation forces and the State department "out on a limb."

Gurney said he had been informed that it was proposed to reduce army and air force funds \$1,000,000,000 and navy funds \$750,000,000. This, he said, would make the navy "practically immobile and impotent, and its impotency could not be kept from foreign governments."

RALLY MEMBERS TO ELECT NEW CHAIRMAN

Bud Thornber and Don Titecomb are candidate for the office of Rally committee chairman, left vacant by the resignation of Sal Millan, it was announced today.

An election will be held by members of the Rally committee today and until tomorrow noon, to decide which of the candidates will be recommended to the Student Council.

The council had requested that the chairman be an upper division student. However, no students on the Rally committee were available under this qualification. Thornber, a freshman, and Titecomb, a sophomore, were nominated by the committee Monday.

A ballot box will be placed in the Student Union today. Rally committee members are asked to mark the ballot, and sign their name and ASB number. Voting will close Friday noon, and the winning candidate will be submitted for approval at the next meeting of the Student Council.

MORE THAN 2000 SEE REVELRIES

Approximately 2100 people have seen "Constant Refrain." Revelries of '47, since it opened Monday night, according to Miss Edith Graves of the Business office.

"Doc" Arends, director of the show, said that all rough spots that were present in the opening performance have been ironed out.

Deane Healey, assistant director, is pleased with the houses each night. Last night was "block night" and he reports that the fraternities and sororities were represented in large numbers.

According to Miss Graves, all of the good seats have been sold, but tickets are still available for tonight's and tomorrow night's performances.

Tickets are 75 cents for students and \$1.20 general admission. The curtain rises at 8:15 sharp.

Hoffman, George Win in Run-off

Joanne Hoffman and Richard George were elected as freshmen representatives to the Student Council as a result of yesterday's run-off elections.

Also elected to office in the run-offs were Cecile Monahan, as secretary to the senior class and Pat Walsh as president of the sophomore class.

Don Schaeffer won the race for the post of freshman class vice-president and Shirley Tallman was elected treasurer.

Crisler Likes Michigan Best

BERKELEY, Calif., Feb. 12 (UP).—Fritz Crisler tonight asked the University of California to withdraw his name from consideration for the position of football coach at the western school, announcing he would continue as grid mentor at the University of Michigan.

SPARTAN BOXERS FACE TWIN FOES

MEET CAMP STONEMAN, USF IN GYM TONIGHT

By WILBUR AGEE

Coach Dee Portal's varsity boxing team takes on twin foes tonight in the Spartan gym, when it faces the University of San Francisco and Camp Stoneman.

The first of the 19 scheduled bouts will get underway at 7:30. There is a possibility of three more bouts being scheduled before the opening bell rings, stated Coach Portal.

Highlighting tonight's show will be a 135 pound battle between Charles Townsend, Spartan 1942 PCI champ, and Earl Eltchinoff, Golden Gloves Champ of San Francisco from Camp Stoneman.

Another good battle is expected in the 165 pound weight, with Wayne Fontes, who has won all his fights for San Jose this year, battling Ray Barni of the Dons.

Al Figg, who dropped a close decision in the Idaho meet, will face highly touted Lionel Cade of the Dons, in what could be one of the outstanding fights of the evening, according to Portal.

Ray Davilla, Spartan 125 pounder, returns to the ring tonight to battle Jess Perez, Camp Stoneman lightweight.

Hard hitting Bob Anderson, Spartan 155 pounder, will tangle with Art Gray, Camp Stoneman 1947 title holder. Gray has lost but two of his 15 fights to date.

Gray McConnell, Spartan heavyweight, will meet Tom Fregenza of the Dons, in the closing bout of the evening.

(Continued on Page 4)

TOMORROW

Tomorrow is Valentine's Day. Fellows, that means the coeds will be expecting the usual run of hearts, flowers, candy, and those lacy little red and white remembrances. If you forget to send the "little woman" at least a card, she won't like it, or you either.

ROTARY OFFERS SCHOLARSHIPS WORTH \$2000

A \$2000 fellowship for advanced study in some foreign country is being offered by Rotary International.

Qualifications are based on character, leadership, health, service, and scholastic capacities. All applicants must be male, between the ages of 20 and 28, and seniors in any North American college or university.

The fellowship will entitle the students to one year of advanced study along any line he may choose. The candidate may select the school in which he wishes to study as long as it is in a country where there are Rotary clubs.

More information may be obtained by seeing Dean of Men Paul Pitman or by contacting Isaac B. Adams, chairman of the International Service Committee of the San Jose Rotary club.

Songs Slated For Frosh Meet

"A round of songs will be presented by the 'Washington Squares' at the freshman class meeting in the Morris Dailey auditorium today at 11:30," announces Ray Bishop, president.

The quartet, composed of Al Grass, Dwile Heggem, Bob Tobin, and Bob Chopping, belongs to San Jose State's Pied Piper group.

Highlight of today's meeting will be the appearance of the Whistler, whose eerie tune is known to all, adds Bishop.

Al Penard and Vern Baker were appointed co-chairmen of the mixer committee at a recent meeting. Other members are: Lou Mardesich, Bob Montague, Joe Garske, Don Schaeffer, and Gerry Zaro.

Byrd Sees Chance For Ice-Box

LITTLE AMERICA, Feb 11 (UP)—Rear Admiral Richard E. Byrd today envisioned the eternally ice-capped wastes of the antarctic as a great refrigerator in which the world could store bumper crops against lean years, possibly saving future generations from famine.

"The nations of the world may some day use this great refrigerator," Byrd said. "When countries have crops in abundance, they could put surplus supplies here to be used in famine years. The world's supply of food thus would be evened out."

ENGINEERS GET EQUIPMENT

A total of \$3,600.00 worth of engineering equipment has been made available to this college, for surplus property disposal, through the State Education agency, Dr. Ralph J. Smith, head of the Engineering department, revealed recently.

The equipment, consisting mostly of machine tools, electronic, and aeronautical devices, will be obtained for a nominal 10 per cent handling charge.

Dr. Smith expressed the possibility that nearly half of the equipment needed for the new engineering buildings being planned, could be obtained by this means at a substantial saving to the college. In illustrating this point, he cited the saving represented in the purchase of a new \$1,500.00 lathe for \$150.00, and a \$1,500.00 Weston vacuum tube analyzer for \$40.00.

Gromyko Accepts One Clause

LAKE SUCCESS, N. Y., Feb. 12 (UP).—Russia yielded ground tonight in its disagreement with the United States over disarmament procedure, but the concession did not appear enough to end the six week deadlock.

Soviet Delegate Andrei Gromyko accepted one more American-backed clause in a proposed disarmament resolution in the United Nations Security Council. He offered a substitute for another section. He said Russia could go no further.

The U.S. and Russia were deadlocked over whether a proposed disarmament commission should be limited specifically to handling the junking of "conventional" weapons, thus leaving all "mass destruction" weapons to the already-established atomic energy commission.

The U.S. wants the duties of the two commissions precisely defined; Russia doesn't.

THE DEFENSE MUST NOT REST

It takes two to make a controversy, but when the natural defenders of one side of an issue fail to see any cause for argument, or any reason why they should advance any comment, there can be no logical debate on the subject.

Such a situation has arisen recently and brings foreboding of much ill feeling where none exists at present.

Whatever the intention of the editors of Lycurgus in creating the present situation, sufficient interest has been aroused to prompt several questions from various members of the Student Body.

The following queries have been embodied in letters received in the past two days by the Spartan Daily.

1. Is the existence of fraternities and sororities on this campus a controversial issue at present?
2. If any controversy exists, is it worthy of consideration?
3. Why do fraternities and sororities refuse to co-operate in the preparation of an article for the campus feature magazine? What are they trying to hide?

Answers to the first two questions will not be available until the results of a poll conducted recently by Lycurgus are tabulated.

The editors of the Spartan Daily are in no position to answer the third, but it is clear that only one course of action remains open to the social societies.

Whether or not the fraternities and sororities wish to recognize the fact, the basic ideals behind their existence will be subjected to severe criticism in any debate on the subject, and their refusal to defend themselves against this criticism, tends to make the arguments and points set forth by the opposition more conclusive. Their continued silence also gives strength to the suspicions of many, that these organizations actually have no ground upon which to stand in their own defense.

Lycurgus may or may not be justified in continuing in its determination to print only one side of the controversy, and so force the societies to take a stand against their will. The fact remains, that if they wish to clear themselves of all suspicion, founded or unfounded, just or unjust, the fraternities and sororities must come forth with a statement and defend themselves.

THRUST AND PARRY

'If—'
 Thrust and Parry:
 Now if Miss Ellis were Yell leader... wow!!
 —ASB 3889, 4542

'Short Comment'
 I should like to make one short comment that I am fairly sure no one will pay much attention to. At least, the persons to whom I am referring will probably take little heed. There has been appearing in the Spartan Daily for the past week or so numerous articles on the subject of cheating. We all know that the articles refer to a limited amount of students only.

It seems a shame that these people, who will some day try to hold down a job in their professions, have to use their neighbor's intelligence to pass a test.

To ask these people to stop this cheating would, of course, be requesting far too much. Let us remember, however, that while this cheating continues, higher class averages will continue also. What are we going to do about it?
 —ASB 2794

'See for Yourself'

Dear Thrust and Parry,
 In regard to yesterday's Thrust and Parry written by Fred Jobs, I would like to point out that I'm thoroughly appreciative of the fact that there are many freshmen who would come to the weekly meetings, if the time did not conflict with their curricula. May I say that I have sensed this problem, and your freshman officers have had conferences and

have come to the conclusion that the time best suited for the majority of the class is at 11:30 on Thursday.

I admire Fred's spirit and sincerely hope that he will never hesitate in voicing his opinions.

Ever since I became involved in frosh activities, I have had the desire to write to all freshmen through the medium of the Daily. Interest in the class was lacking very definitely last quarter because of the three separate groups trying to run the activities smoothly.

Many students think that our class of '50 is organized and rolling along at such a terrific clip that it's too late for them to get in on the activities. This it not true for as long as the present class officers hold their positions, spots on committees and activities will not be closed to any freshman. I pledge to you unbiased, unpredjudiced appointments.

It is not a high school organization, and it's hard to realize that students, especially veterans, have to be told the importance of working together.

Realizing that business meetings can be monotonous, we are endeavoring to enlighten the meeting with top-notch entertainment.

Turn out today and see for yourself.
 —Ray Bishop

Production of honey on farms in the United States totaled more than 233 million pounds in 1945.

The highest crime increase in 16 years was recorded during the first six months of 1946.

NSO

New Organization Plans to Take-up Student Problems

By PHIL ROBERTSON

(Editor's note—This is the first of a series of four.)

Last quarter the Student Council sent two delegates to the Chicago Student Conference. Out of that conference a new organization was proposed which would take up all phases of student problems.

The National Students' Organization (known as the NSO) is not a formal organization, says Bill McFarland, delegate to the Chicago conference. It is in the process of being formed and a constitutional convention will be held in Chicago this fall to formulate the organization.

"The actual benefits of belonging to such an organization can't be measured in tangible assets," said Ed Owensby, Fresno State college delegate, at a recent NSO meeting. "However, we can better individual campuses, by belonging to such an organization."

AIMS

The aims of the NSO as set forth at the Chicago conference are:

To promote student friendship on national and international scale; to secure for all people equal rights and possibilities for primary, secondary, and higher education, regardless of sex, race, or religion.

To secure for all students an extensive system of governmental and private aid in obtaining scholarships, family allowances, provisions for textbooks and supplies, and other means to assure their independence wherever necessary.

To encourage student-faculty cooperation on student problems and the extension of democratic student-controlled student governments and establish the independence and freedom from censorship for student organizations and publications.

To assure that all activity funds are controlled by the students themselves.

CULTURAL ACTIVITIES

To foster student cultural activities; to secure the widest possible publication of advances of knowledge in the pure, natural, industrial, and social sciences, and the fine arts; and methods of circulation of these publications, which would make available to all students the fullest information regarding such new developments.

To establish measures to eliminate the commercialization of intercollegiate sports, and to advocate the establishment of adequate courses of physical education throughout the nation; to sponsor interracial, interfaith, intercollegiate sports on an amateur basis; to establish adequate medical facilities for athletes; to eliminate the obligation of athletes to sign injury waivers; and to promote adequate recreational facilities.

Pre-Med

Lower Division Students Face Change of Objectives

Applicants for admission to colleges of medicine now outnumber the candidates accepted for the freshman class in the ratio of six to one, according to a recent report received from Dr. J. C. Elder, dean of general education, San Jose State college.

This means that the majority of the lower division students who are looking forward to medicine as a field for professional service will have to change their objective to some other line of endeavor, the report explained.

The office advises each pre-medical student to make a careful analysis of his aptitudes and of his accomplishments to date. If he has a high school record showing "A" or "B" grades in all academic subjects and has a "B" average in the basic college science courses—chemistry, zoology, physics, etc.—he is in a favorable position for going ahead with the pre-medical program. If the high school record approaches a "C" average and the college science courses to date do not average "B," the student is not in a favorable position and would do well to consider another objective.

C-PLUS AVERAGE

Students who have not attained a "C" average in all basic pre-medical subjects attempted will not be approved for pre-medical programs and should consult the Dean of Student Per-

sonnel and Guidance regarding a change in objective.

The report stated that, although such cases are the exception, there are many students with greater mental ability than their early scholarship records would indicate and who, regardless of low grades earned in the high school period—largely because of lack of effort—make brilliant showings in the pre-medical curriculum.

RELATED FIELDS

The report further indicated that there are several fields of professional service closely related to medicine in which competition for admission to schools of professional training is not so marked. Students who have made a reasonably good average in academic subjects may find openings in colleges of Dentistry, Pharmacy, Optometry, or veterinary medicine. There are also openings in biology, entomology, bio-chemistry, medical technician, public health and sanitation, public health statistician, hospital management, and other allied fields.

Some students now enrolled at San Jose State with a pre-medical objective will find it necessary to make a change, according to the report, and are advised to consult Dr. Elder, in room 110, if in doubt about their status.

Sigma Delta Pi To Initiate Nine

Sigma Delta Pi, Spanish honor society, will initiate nine new members tonight at a formal initiation at the home of Dr. Helen Hardenbergh.

New members are: Meda Aden, Ada Vera, Warren Day, Jose Villareal, Christine Fucile, Jack Nixon, Yvonne Harding, Gloria Villaseñor, and Danna Armstrong.

The ceremony will be conducted by Mr. L. C. Newby, Modern Language head.

Recital Features Many Nations' Songs

Spanish, Italian, Portuguese, French, Russian, and German songs, will be featured at the vocal recital scheduled for Tuesday evening, February 18, in the college Little Theater.

The recital has been planned to give the audience a wide variety in types of music, according to Miss Maurine Thompson, director. The recital, which is open to the public, is free of charge.

Ero Sophian Elects Olive Knowles Prexy

Ero Sophian pledges elected their officers at a recent meeting.

Those elected were: Olive Knowles, president; Nancy Prouse, vice president; Bev Barham, secretary-treasurer; and Bette Hurst, sergeant at arms.

The formal pledge dinner was held at Lou's Village.

Pan American League

The newly formed Pan American League held a dinner at the El Patio recently and introduced new members and officers.

Officers of the club are: Ed Loudon, president; Josephine Mayayo, vice-president; Joanne Smith, secretary; Nancy Grant, treasurer; Warren Day, program chairman; and Mary Tavares, publicity chairman. Mrs. Mildred Winters is adviser of the group.

Plans for a Pan American Day program to be held April 14, are under discussion, says Miss Tavares.

Home Ec Exhibits 'A Bit of Sweden'

"A Bit of Sweden" is the title of this week's display in the Home Economics show cases.

Hand woven textiles, tablecloths, orrefors glass, dishes, hand carved pieces, and other interesting items, all made in Sweden, are included in the exhibit.

The display is a class project of Dr. Margaret Jones' Methods of Teaching Home Economics course, and is presented this week by Ruth Carlson.

Personalizing the display is the fact that all of the articles are those which Miss Carlson's mother brought back last fall, following her return from a trip to Sweden during the summer.

A sweet potato acreage goal of 65,000 acres has been set for Texas next year.

Carroll Speaks At SCA Dinner Monday

Eddie Carroll of the national YMCA will be guest speaker at a dinner meeting, sponsored by the SCA this Monday evening at 5:45, according to the Rev. Bob James. The meeting will be held in the Trinity Parish House located on Second and St. James streets.

Carroll, a Yale graduate, was on a brotherhood tour of India with Dr. and Mrs. Howard Thurman a few years ago. He served as a chaplain during the war, and at present is working with veterans.

The theme during the evening will be, "Why Have an SCA?" According to Rev. James tickets are on sale in the SCA office for 50 cents.

Stevenson's Play Presented Today

Robert Louis Stevenson's "Sire De Maletroit's Door," will be presented over Station KLOK from 5 to 5:15 today, by the Short Story Playhouse group of the Radio Guild.

Prescott Kendall, James Caupito, Elda Beth Payne, and Joseph Johnston will be student participants on the program.

The Radio Guild sponsors two shows a week. The other program is "News and Interviews" over station KSJO Monday afternoons.

Novice Boxing Team Honored at Dinner

The winning novice boxing team was honored with a chicken dinner given by its sponsors at Lucas Tuesday night.

The team, co-sponsored by Sigma Gamma Omega fraternity and Allenian sorority, and managed by John Desalarnos and Lincoln Kimura, was made up of Bill Payne, Dave Gray, Vince Sempronio, Len Hawthorne, Roy Rolan, and Lloyd Doolen.

ADULTS HEAR DR. HABLUTZEL

Dr. C. E. Hablutzel, Science department faculty member, spoke for the Los Gatos Adult Education department, Los Gatos high school, Tuesday night at 7:30. "Physics Spreads Wings" was his topic.

Dr. Hablutzel discussed the role physics played during the war, and of its peacetime applications, such as radar, atomic energy, and fire control, and their uses in everyday life.

Dr. Hablutzel was one of a number of physicists responsible for the variable-timing fuse, which was used in combatting the "buzz bombs" over England, the German ground forces in the battle of the Bulge, and against the Japanese pilotless rockets during the latter months of the war.

ANNOUNCEMENTS

FOLLOWING STUDENTS meet in room 133 at 11:30 for planning and reorganizing activities of the national honorary Merchandising fraternity, Eta Mu Pi: John Carlson, Chas. Culp, Sherman Gillespie, Pricella Gordon, Franklin Hallen, Ruth Hansen, William Lawrance, Barbara Macrae, Lauraine Manley, Salvador Millan, Ray Miller, and Evelyn Schroeder.

SCA CABINET PICTURE: In Spartan Daily office tomorrow, 11:30. Please be prompt and we don't have to miss too much of our classes: Frances Tuttle, Muriel Waltz, Dorothea Brookover, Harold Riddle, Bev Blackman, Bruce McNeil, Barbara Brewster, Shung Fong, Marian Brewster, Lucille Crosby, Bob James, Lucille Pedlar, Carolyn Hackman, Mary Hamachi, Craig Holden, Thelno Knowles, Pat Krone, Audrey Pickwell, Gene Thompson, Vic McLane, Margaret Kielsmeyer, Eileen Caughey, and Dorothy Moody.

SWIM SHOW: Meeting place changed from Women's gym to pool, 7.

"30" CLUB: Members and all journalism and advertising majors who are interested in joining meet in the Publications office, 4:30, for La Torre pictures.

PI NU SIGMA: 12:30, S227.

INTERDENOMINATIONAL VESPER SERVICE: 4:30, room 210. All students invited to attend.

ALPHA ETA RHO: Members and guests, meet in front of Men's gym, 4th and San Carlos, 7 p. m. sharp. Transportation for those who wish it.

TAU GAMMA INITIATES

Tau Gamma, honorary women's P. E. society, held a formal initiation of members Tuesday night in the Student Union.

New members are: Rhoda Andersen, Bobby Hill, Rae Zimmer, Claire Canevari, Bonnie McPherson, and Nancy Flautt. Three new associate members were initiated — Pat Foster, Janet Koppel, and Allene Watt.

Officers of Tau Gamma are: Helen Zuckwerth, president; Mary Simin, vice president; Bernice Bassi, secretary; Edith Johnstone, treasurer; and Mrs. Jane Burtner is adviser.

Announcements

MR. MORAN of the San Francisco office will be in the Veterans' Administration office between 9:30 and 12 today.

SIGMA GAMMA OMEGA: La Torre pictures are to be taken Saturday, February 15. Be sure to keep appointments.

OT MAJORS: Business meeting, 7 p.m. All majors urged to attend.

MU DELTA PI AND ARNACOMA: The talk by Mr. E. W. Clements on the reorganization of the V.A. has been postponed until next Thursday, Feb. 20, at 8, room 24.

REVELRIES BIDS: 11:30, Adeline Clark and Bea Rule; 1:30, Jeannine Broadwell and Janet Cady. Those who are to be in the booth Friday, please watch the bulletin board in front of Morris Dailey. There may be no need for the booth to be open then.

IRC EXECUTIVE COMMITTEE: Student Union, 12:30.

ANNOUNCEMENTS

ALL RALLY MEMBERS are requested to vote in the Student Union office for the new chairman. Deadline is tomorrow NOON.

PSYCHOLOGY CLUB: Picture will be taken today, 12:30, room 120.

SPARTAN CHI: 4:30, room 210. Special meeting, cabinet members, please show up for it.

SPARTAN KNIGHTS: Ushers for boxing and Revelries are desired. Report to either at about 7:30 this evening. Wear dressy sport or suits.

SAN JOSE STATE GRID SCHEDULE NEARING COMPLETION FOR 1947

Spartans Open Season
Against USF Sept. 19

By John Keith Pope

Coach Bill Hubbard's 1947 football schedule is nearly complete and the first three home games are expected to pack Spartan stadium when the White and Gold eleven meets the University of San Francisco Dons in the opener, followed by the colorful Honolulu All-Stars, and the tough Cowboys from Hardin-Simmons University.

The Spartans will take to the road when they meet the College of Puget Sound at Tacoma, Washington. This will mark the first meeting of the two schools.

Coach Hubbard will bring his gridders back to San Jose in their next appearance when they play Santa Barbara State college. San Diego State college is the Spartans next foe and they will play the Aztecs at Balboa stadium.

The final conference games are California Poly at San Luis Obispo and Fresno State college at Fresno. The Spartans will conclude their football season at Honolulu, Hawaii. Date for the Hawaiian games have not been decided.

1947 FOOTBALL SCHEDULE

University of San Francisco, here, Sept. 19.

Honolulu All-Stars, here, Sept. 26.

Two girls would like ride to Modesto or Ripon late Friday afternoon or Saturday morning. Call Col. 7219.

STATE BOXERS BATTLE TWO

(Continued from Page 1)

the evening. McConnell dropped both of his dual meet fights by close decisions and is improving with each match.

Pete Franusich, chosen outstanding boxer in the 1947 Novice tourney, will face Frank Tsubio, Camp Stoneman 165 pounder, in what should prove a fast match. Tsuboi has won eight of his ten fights to date.

Dave Gray, State 145 pounder, will meet another veteran boxer from Camp Stoneman, when he faces Milton Enright. The latter has won 15 out of his last 20 fights.

Other Spartans slated to see action tonight are: Jim McDiarmid, Jim Johnson, Mike Rivera, Monte Montilla, Al Perez, Ed Martin, John Mount, Bud Roberts, Joe Hornbaker, Walt Meyer, and Don Schaeffer.

Dick Payne, Bill Payne, and John Desalernos may be added, if the Camp Stoneman team brings men to fill in the heavyweights.

SPARTAN MATMEN DEFEAT BERKELEY ALBRIGHT, JVS. WIN

By PAUL VON HAFFTEN

Coach Ted Mumby's sensational Spartan varsity wrestling squad won its fifth meet in a row last night at the Spartan gym as they defeated the Berkeley YMCA by the score of 30-10. The Junior Varsity squad also trimmed the Berkeleyites to the tune of 22-7.

Falls featured the meet as each varsity match except one ended by a Spartan throwing his opponent. The Berkeleyites gained one fall in the final varsity match.

BEGINNERS GOOD

Several Spartans wrestled for the first time last night and gave a good account of themselves.

"I'm proud of my beginners," Coach Mumby declared enthusiastically.

The varsity took an early lead in the opening bout as Dick Brown threw Jim Leonard 128 near the end of the match. Freddie Albright pinned his opponent, Hal Maddock, in a good exhibition match. Pat Felice won on a default by Charlie Pabis after Pabis hurt his leg. Hans Weidenhofer showed too much power for his opponent, Bob Canary, and pinned him in a minute and 45 seconds.

Del Armstrong threw Gordy Hommer in the 191 pound match. Willis Stone surprised Bill Benson and pinned him in one minute. Jim Rickard threw Bill Williams in 1:18.

BERKELEY WINS

The only consolation for the visitors was Charlie Griffith's victory over the Spartan basketball star, Hank Imsen, in 25 seconds.

SPARTAN HOOPSTERS PREP FOR SOUTHERN INVASION TOMORROW

Fundamentals are being stressed by the Spartan cagers in preparation for their CCAA tilts this weekend.

Coach Walt McPherson will spend today, as he did yesterday, in drilling his hoopsters in basic maneuvers. McPherson has commented that he enjoys winning games, but hopes that the team will come out victorious in its contests, by safer margins than it has had in the past.

The San Jose cagers play three games in four nights, with a good chance of dropping one of these important conference tilts to any of their opponents.

Cal Poly has a fast scrappy outfit, and the Mustangs will be a tough team to beat on their own court.

Santa Barbara gave the Spartans quite a tussle here last Friday, and could very easily down the local cagers on their own court when the two meet Saturday night.
